

## JEFFERSON COUNTY HOME BUYER SEMINAR

Jefferson County Economic Development Consortium is pleased to announce a home buyer's training program designed to help families and individuals achieve the goal of home ownership. This may be your first purchase, you may be empty nesters and now want to downsize, or maybe you have outgrown your current home. The home buyer's program will put you, the buyer, in control of the home buying process by providing you with the knowledge needed to make wise decisions and find available grants that help with down payment/closing costs.

Discover the answers to these questions, and more:

- How do I determine if I am ready?
- How much of a down payment will I need?
- What if I've had some credit problems?
- What do I need to do to re-establish my credit?
- Is there any assistance available for down payment?
- Who are the professionals I will be dealing with?

**Date:** Wednesday, September 12, 2018  
**Time:** 5:30 – 9:30 pm  
**Location:** UW Extension/Workforce Development Center  
864 Collins Road, Lower Level
